

Flying Start Art Task 2019

Congratulations! You are joining the Varndean College Art Department!

Here is your Flying start task, to be completed for your first art lesson.

Open a drawer or cupboard in your house. It could be your cutlery drawer or bathroom cabinet - anything with a variety of objects. Use pencil on an A3 piece of paper or direct into your new A3 sketchbook.

Fill the whole page from edge to edge with your drawing.

Look for shadows and tones, detail and reflections.

(Remember if you are buying a sketchbook to find an A3 spiral bound high quality book - preferably made by Seawhite or Pink Pig.)

We look forward to meeting you!
