

Level 3 CTEC Creative Media Production

Welcome to Level 3 CTEC Media!!

It's time to start the hard work for the year ahead, and with that in mind, your first piece of homework is going to help me understand a little bit about who you are and what kinds of Media you enjoy!

I would like you to complete the following task, it should take you about 2-3 hours to complete:

CREATIVE INSPIRATION...

I would like you to create a piece of work that tells me the following:

- o Who you are (name, age, etc)
- o What different types of Media interest you **and why** (I am expecting you will discuss at least 4 different types in some detail- think about genres of music, films, TV, books, photography, comics, music videos, art, animation, radio, magazines etc)
- o Discuss what Creative Inspiration means to you
- o Discuss 4 specific examples of Media Artefacts that inspire you using examples (eg a particular film or song clip, a music video, images etc)
- o Discuss a particular type of Media you really dislike **and why** (with examples)
- o Discuss something creative that you have already achieved that you are proud of, and give an example of it (eg a YouTube link to it, an Image you have created, a drawing you have completed etc)

The most important aspect of this work is to present it in an innovative and creative way! The work can be presented in any electronic format but **MUST** be very visually interesting, it could be any one of the following- you choose:

- An Animation that you have created yourself
- A film where you talk to camera
- A Powerpoint with embedded clips and a soundtrack
- A digital mood board
- A series of electronic drawings
- A series of digital photos- your own as well as 'found' images
- A Photostory with a commentary

This piece of work is really important as not only does it tell me the kind of things you enjoy doing, it also tells me a little bit about your creative skills. You **MUST** bring your work with you to your first lesson either on a USB, on Google Drive or via Email. The work will not be shared with the class without your permission as I want you to feel comfortable sharing your thoughts and ideas without fear of having them broadcast.

I look forward to seeing your work and meeting you all on Day 1!!!

Nik :0)
