

Trips

Every year we arrange trips to enable you to develop and practise your language skills and learn more, first hand, about the cultures and society of the people and countries whose languages you are learning.

In the past our students have gone to Nîmes, Montpellier, Paris, Barcelona, Granada, Santiago de Compostela, San Sebastián, Seville, Vienna and Berlin.

"I have enjoyed the sheer breadth of the course as it covers a plethora of different subjects that are real, current and relevant issues of our world today."
Eden

"Learning a language is one of the most useful; things you can do!"
