

Safeguarding Policy

Policy Statement

Varndean College fully recognises its responsibilities for protecting the young people and vulnerable adults who attend the College from all kinds of abuse and potential risks to their well-being. The College recognises its duty to take action to safeguard the well-being of its students by ensuring that policies and procedures are in place and followed to prevent harm befalling them and that opportunities are created to promote the skills, knowledge, and understanding which the young people and vulnerable adults at the College need to keep themselves safe.

The College will therefore:

- Establish and maintain an environment where young people feel secure, are encouraged to raise their concerns and are listened to;
- Ensure that young people know that there are staff members whom they can approach if they are worried;
- Support students who have been abused in accordance with any existing Child Protection Plan;
- Promote safe practices, healthy lifestyles and understanding risks through the curriculum, tutorial programme and services to students;
- Promote democracy, the rule of law, individual liberty, and mutual respect and understanding of difference especially of the nine protected characteristics named in the Equality Act.

This policy applies to all staff, governors and volunteers working at the College and we will therefore:

- Raise awareness of child protection and safeguarding issues through training which includes recognition of signs of abuse and signs and risk factors of Child Sexual Exploitation (CSE), Female Genital Mutilation (FGM), Radicalisation and Trafficking. Training also explains procedures for raising concerns;
- Ensure we practice safer recruitment in checking the suitability of staff, those on work placements and volunteers to work with young people;
- Ensure that contracted services are made aware of the College's Child Protection Policy and Procedures and of our expectation that they will act in accordance with it.

Varndean College recognises the importance of creating an ethos within the College that helps young people to feel safe and be confident that they will be listened to. We recognise that the College may be the only stable secure and predictable element in the lives of some young people.

Varndean College will aim to support all students through:

- ensuring the curriculum, including Tutorial:
 - offers opportunities for students to learn how to keep themselves safe (including online) and adopt healthy lifestyles;
 - includes social and emotional aspects of learning;
 - promotes critical thinking
 - offers opportunities to promote democracy, the rule of law, individual liberty, and mutual respect and understanding of those with different faiths and beliefs
- ensuring that child protection is included in the curriculum to help young people identify when they feel unsafe and with whom they could share their concerns
- promoting a positive, supportive and secure environment where young people feel respected and valued
- the Student Support Policy and Student Contract which ensures that young people know which behaviours are unacceptable and, through staged interventions, supports students while maintaining standards

3. SAFE WORKING PRACTICE

Varndean College has a clear code of practice which is set out in the Code of Conduct which offers guidance on the way staff should behave when working with young people.

The Code of Conduct requires all staff to disclose details of any criminal conviction, caution or bind over that they receive during their employment immediately to the Human Resources Manager.

4. CHILD PROTECTION PROCEDURES

Varndean College adheres to child protection procedures that have been agreed locally through the local children's safeguarding board. ***(See Child Protection Policy and Procedures)***

5. CONFIDENTIALITY

All staff are aware that they must not promise confidentiality to students and that if students disclose abuse this must be passed on to the Designated Person as soon as possible; the young person should be told who their disclosure will be shared with. Wherever possible this will be shared with the cooperation of, and in the presence of, the young person.

Staff will be informed of relevant information in respect of individual young people with regard to child protection on a 'need to know basis' only.

6. RECORD KEEPING

Child protection and safeguarding records are kept centrally by the Designated Person. Staff are aware that they must make a record of safeguarding concerns and child protection issues or events as soon as possible. Such records are not kept in the young person's file, but in a secure and limited access section of the Student Tracking System. Historic records are kept in a locked cabinet.

Incidents involving health and safety are recorded centrally in the College Reception.

Varndean College recognises the importance of multi-agency working and will ensure that staff are able to attend all relevant meetings including child protection conferences, core groups and strategy meetings and Channel Meetings.

Varndean College recognises its duty to refer to the LADO and/or Disclosure and Barring Service (DBS) information which does or could indicate that a member of staff has engaged in an activity that caused concern for the safeguarding of young people or vulnerable adults. Any such referral will be made by a Vice Principal or the Principal.

8. ALLEGATIONS AGAINST MEMBERS OF STAFF

Varndean College recognises that it is possible for staff or volunteers to behave in a manner that causes harm to young people and takes any allegations made against members of staff or volunteers seriously. Procedures are covered in the Code of Conduct. All staff know that if are concerned that the behaviour of a member of staff could cause harm or potential harm to a student this should be referred directly to the Designated Person or Principal, who will seek advice from the Local Authority Designated Officer (LADO)
