## Curriculum Update: Report Cards and Parent/Carer Consultations

Dear Student, Parents, Carers,

Due to industrial action taking place at the college on Wednesday 30th November parent/carers consultations will now only be available on **Thursday 8th December**. Appointment slots of 10 minutes are available for all academic subjects and are available from 5pm - 8pm. Instructions on how to book an appointment and also how to access the appointment can be found [here](#).

Bookings can be made now but due to the limited number of appointments that we can offer, only students who have been identified as "needs to improve" or "cause for action" under our progress measure within the report card can book at this time. Appointments will be opened to all students at 9am on Monday 28th November.

Report cards will be published today at 3pm, please refer to my letter dated 9/11/22 for full details of how to access the report. A copy of the letter can be found [here](#)

If you experience any technical issues with booking a parents consultation then please contact [our IT Support team here](#) and we will do our best to help.

Best Wishes,

James Gordon  
Deputy Principal
