

OPENING SPRING 2020

THE VARNDEAN STEM CENTRE

At Varndean College, through our challenging and engaging teaching, we hope to inspire and motivate the next generation of scientists, technologists, engineers and mathematicians. Through this teaching we encourage students to move on to higher level STEM courses and into a STEM career.

The College is pleased to have secured funding for a £2.9m STEM centre to support and encourage STEM subjects (Science, Technology, Engineering and Mathematics).
